

ASSOCIATION PAGANI ELIA
MONACO

WHO WE ARE, WHY THIS ASSOCIATION?

Of Italian origin, in addition to their respective careers in the fashion and aeronautical engineering sectors, the Founders **Anna PAGANI** and **Gian-Luigi ELIA**, have always been involved in the Humanitarian field, devoting their time and effort to the most vulnerable members of society. The PAGANI – ELIA family has implemented various actions including:

-**Donating to the needy**

-**Sponsoring children in Brazil**

-**Offering a holiday to Romanian orphans and children from poor families**

-**Helping the seriously sick, liaising with doctors and specialists, obtaining priority appointments**

-**Monitoring the construction of 2 crèches in Central Africa, thanks to Monegasque funds**

In 2011 the **PAGANI – ELIA** family set up a “Grant” programme for students from CASTAGNOLE DELLE LANZE (Piedmont – Italy) in order to encourage youth to train and to pursue higher education. In the same year, *the Monegasque Association PAGANI – ELIA* was created.

Anna PAGANI decided to become a member of **MONACO COLLECTIF HUMANITAIRE** in the Principality of Monaco, created on the occasion of HSH the Sovereign Prince’s 50th birthday in March 2008, the aim of which is to cover the costs of a child’s stay and surgical procedure for children from disadvantaged countries suffering from serious cardiologic or orthopaedic disease, treatment for which would not have been possible in their countries of origin, in cooperation with the **CARDIOTHORACIC CENTRE**, the **PRINCESS GRACE HOSPITAL (CHPG)**, the **MONACO INSTITUTE OF SPORTS MEDICINE AND SURGERY (IM2S)**, thus enabling these children to benefit from the most advanced medical technology and the support of eminent specialists, whose action is wholly voluntary.

Choosing to join this collective among so many others in the world was motivated by its sound management, the traceability of financial donations (managed by the **MONACO RED CROSS**), and the level of achievement – from 2008 to 2013 over 220 children were treated successfully.

Therefore, in a world where economic instability has led to political and social unrest, promoting even more suffering, and affecting primarily the most vulnerable populations, the **PAGANI – ELIA family** has chosen to make its contribution by helping the weakest, both from a financial point of view by pledging a portion of its family heritage, and through its active involvement by devoting much time and energy to the Association’s activities. Committed to a sustainable approach, the *Monegasque Association PAGANI – ELIA* is proof that everyone can play a role in this noble adventure the aim of which is to relieve all forms of suffering, in order to offer a brighter future to every human being.

“My greatest reward was to see joy and life return to the eyes of the young Ibrahim”
Anna PAGANI

SOCIAL

The association’s actions are carried out both in emergency situations and on a long term basis through development: financial aid for the most deprived, assistance for those in distress, support for field projects in order to advance human, economic and social rights in the world.

EDUCATION

Education is a powerful emancipating tool for humankind; that is why the Association supports aid programmes focused on this aspect.

Our goal: to deliver literacy in developing countries, to set up new educational and training facilities, to provide student grants, to disseminate culture.

HEALTH

The Association, in cooperation with doctors and specialists, is fully committed to providing medical and surgical care to all those who do not have the necessary resources, particularly children.

Our priority: action

ART

Because art is a human creation, very often a human being’s finest expression, the Association provides material support to artists in order to promote their creations, and associates its name to all cultural initiatives of public interest.
